All About Cleeve is also available on line http://www.cleeveparishcouncil.co.uk/

Closing COPY DATE: 15th March (for APRIL 2024 issue.)

CHAIR'S WELCOME

As I write, snow drops and daffodils are reappearing all around Cleeve with a real feeling that Spring is arriving and "in the air". Thank you to Dave Ridley, his sister Nancy and Marianne Pitman for their memories/articles, both in last month's and this month's editions. Our readership seem to really enjoy hearing about the history of Cleeve, so if there are more memories of our village's past, we would appreciate hearing about them with photos!

SoupaThursday's Warm Room 12.00 – 16.00, continues and is open to ALL in the village. Everyone is most welcome!

Easter is early this year so don't forget the clocks go forward on Easter Day! And lastly, best wishes and many thanks to Cleeve and Claverham's last Vicar, Nigel Thomas, who is sadly departing to pastures new!

Elizabeth Vaughan Chair

GREAT WESTERN AIR AMBULANCE CHARITY

A Supporter Coordinator from Air Ambulance is coming to talk about GWAAC on TUESDAY 19th MARCH at 12.00 in the Holy Trinity Church room, this will be open to anyone in both Cleeve and Claverham to attend, all we ask is that anyone wanting to come let Lin know on 01934 838515 if they wish to stay for lunch (£3.00).

PANCAKE DAY LUNCH

Thank you to everyone who supported the Pancake Day Lunch. It was a lovely lunchtime with over 80 guests in the Village Hall. The event was to help fund the very expensive cost of draining and partially tarmacking the current swamp-like car park at Holy Trinity. However, thanks to our generous guests we raised £560 for this cause and, in addition, we were able to send £200 to the Clevedon Foodbank.

NAILSEA DISTRICT LEG CLUB

Our famous handbag stall takes place outside Waitrose on Saturday morning 18th May, an opportunity to purchase a bargain, or donate handbags no longer needed. These can be taken to 65 Nailsea High Street prior to 18 May, please ensure donations are clean, in good condition and empty.

Leg Club takes place 9.00 am – 12noon on Wednesdays at Nailsea Tithe Barn, and is available to anyone registered with Tyntesfield Medical Group, needing advice or treatment on lower leg issues. No appointment necessary and 'drop-ins' are very welcome, call in to see what happens and enjoy refreshments always on offer. Alternatively ask for an appointment via your surgery or talk to your nurse about Leg Club.

NEED A LIFT? CAN OFFER A LIFT?

Yatton Volunteer Drivers are a voluntary group in Yatton providing an affordable means of transport to enable local people (including Cleeve residents) to attend medical appointments in North Somerset and Bristol.

Could you help? More volunteer drivers are needed. The role is voluntary, highly flexible (to suit availability), and covers mileage costs. Is this worthwhile cause something you could get involved with?

For a lift – or to enquire about volunteering - Tel 01934 832796

Email yattonvolunteerdrivers@gmail.comYatton

If a driver is not available from Yatton Volunteer Drivers, try Congresbury Carers -Margaret Leimdorfer Phone: 01934 834663.

SOUPA THURSDAY stay warm a little longer

A reminder that although March is regarded as the start of spring, the Warm Room runs through to the end of March – that means another four sessions, for everyone in Cleeve and Claverham who would like to come along every Thursday anytime between noon and 4pm, to enjoy great company, good fun and tasty treats, in the Church Room at Holy Trinity.

TIP FROM CLEEVE NURSERY

There is still time to transplant evergreen shrubs before it is too late but remember to disturb the roots as little as possible and keep as much soil attached to them as you can. Don't be afraid to trim the tops back a little as this will definitely help establishment. Be sure to water thoroughly and regularly throughout this year

NORTH SOMERSET WEDDING & EVENT CARS PLUS EXECUTIVE AIRPORT & CRUISE TRANSFERS 07599 564794

Professional, Reliable, Affordable

FOCOS (Friends Of Cleeve Over Sixties)

Winning numbers for the FOCOS lottery

6th January 2024	41	Marianne Pitman
27th January	16	Margaret & Paul Burrell
3rd February	46	Andrea Stoddart

Congratulation to our winners, and 'thank you' to everyone with a FOCOS lottery ticket, as the lottery underpins all our other fund-raising events.

ALL ABOUT BATS

Cleeve village is fortunate in that we have lots of wildlife in our vicinity. When thinking about wild animals, bats may not be the first thing that comes to mind, but the 'dark skies' street lighting policy is of great help to our Horseshoe Bats, who are so light-averse that they will not even fly out of their roosts if there are clear skies during a full moon! Since most of us know little or nothing about bats, here a few facts:-

How many types of bats are there?

Seventeen species of bats breed in Britain. The most common are the Pipistrelles (*Pipistrellus*) – tiny bats that weigh about the same as a 20p piece! Also, relatively common locally are bats of the *Myotis* family – like Natterer's Bat, and the highly protected Greater and Lesser Horseshoe bats (*Rhinolophus*).

How long do bats live?

We are used to the idea that small mammals don't live very long – for example a field mouse may only live for a year. However, bats are very long-lived – the Greater Horseshoe Bat can live for thirty years. Because of that, they breed quite slowly, which means that it would be easy for them to become extinct. For more information <u>ibats.org.uk/uk-bats/</u> & <u>chaseecology.co.uk/bats-in-the-uk/</u> are good places to look. What do bats eat?

Bats are nocturnal – they only hunt at night. Pipistrelles, being small, love very small insects like midges. They can eat 3000 of these in one night! Horseshoe Bats are about 7 times bigger, so they prefer larger prey such as craneflies, moths and dung beetles. *Myotis* bats come somewhere in between, and often specialise in certain types of insect, moth or beetle.

How do bats find their prey in the dark?

Bats use high-pitched calls – echo-location - to find their prey. Their calls are so high-pitched humans generally can't hear them. Bat detectors are used to record bat calls at night – these recordings make it easier to detect which bats are present in each location. <u>bats.org.uk/</u> has slowed-down recordings of each type of bat.

Where do bats roost and hibernate?

Bats generally hibernate throughout the winter as long as night-time temperatures are low. Our Horseshoe Bats hibernate in the old iron mines in Kings Wood. During warmer months bats will roost together in dark places like roof-spaces and holes inside trees, or perhaps high in the leaves of a tall tree. When they are breeding they will have a maternity roost where they can look after the young. Our Horseshoe Bat maternity roost is at Brockley Hall.

Our village falls entirely inside the North Somerset Bat SAC (Special Area of Conservation). This SAC exists to protect our Horseshoe Bats, as they are under threat of extinction in the UK. My next article will be entirely about these bats.

TIP FROM CLEEVE NURSERY

Pot indoor plants into bigger pots but check that they need it first! Gently knock the plant out of the pot and, if the roots are covering most of the compost, the plant will benefit from moving into a pot one or two sizes bigger. If they aren't yet then wait a while.

COMMUNITY RESILIENCE

The Village Hall is the assembly point and operating base for the community resilience team (when mobilised) providing help and assistance in an emergency.

So if you need (or are willing to offer) help in an emergency and can not contact Community Resilience by phone please go along to the village hall.

Contact details for Community Resilience can be found in the directory at the back of this magazine

PLANT OF THE MONTH Phalaenopsis, moth orchids

Moth orchids, are elegant, long-flowering epiphytes that grow on tropical tree branches in the wild, obtaining light filtered through the canopy using aerial roots to absorb carbon dioxide and moisture from the humidity surrounding them.

Orchid's thrive in indirect sunlight with consistent warm temperatures around 18°C - 30°C (64°F - 86°F) with night time temperatures around 10-15 degrees cooler to promote flowering. A north-facing kitchen window is ideal; keep them out of direct light which can scorch leaves.

It can sometimes be trial and error until you find the perfect spot but if your orchid is not producing flowers it will be likely due to light or temperature so move the pot. Orchids like humid conditions and grow particularly well in bathrooms and kitchens. Mist leaves every few days with rainwater.

They have large leaves prone to collecting dust; use a damp cloth to gently remove dirt so the plant can easily photosynthesise.

Orchids detest sitting in water so remove the plant from its pot and flush with water once a week, avoiding the plant's crown. Return to its pot once excess water has drained away. Feed every couple of weeks when the plant is actively producing leaves and flowers.

Repot every couple of years with shredded bark chips or a professional peat-free compost bark to support roots; use a clear pot so roots can photosynthesise.

Rejuvenate plants by snipping off dead roots, this will give healthy roots space to grow. Aerial roots are the orchid's blood vessels; healthy air roots are rounded and green, thirsty roots are silvery-white and unhappy roots are beige and shrivelled. Ailing roots could be due to low humidity so give them a good mist.

Debi Holland

FOCOS BINGO EVENING FRIDAY 12TH APRIL – CLEEVE VILLAGE HALL

As our regular players know, at the FOCOS Bingo Evening there will be good food, great fun and super prizes. A bar will be available for the evening at the Hall, so we would suggest an arrival around 7.15pm, for the delicious supper to be served at 7.30pm.

Tickets are just £10 to include a hot supper and a sweet [vegetarian options are available], plus 6 games of Bingo. Every game has great prizes guaranteed for a line and a full house. Tickets available from the FOCOS BINGO HOT LINE on 838515 or 832917.

Also - transport is available from your home to the Hall and back again – just ask for a lift when you book.

All profits will help to provide for the FOCOS Mystery Outing for 2024.

FAREWELL TO OUR VICAR, NIGEL AND HIS WIFE NICKIE

Cleeve has had its own vicar since 1840 when Holy Trinity church was built but, sadly on 31st March, that is to come to an end. On that day we are saying farewell to Nigel and Nickie, as Nigel's post as Vicar of Cleeve and Claverham disappears as part of the reduction in clergy numbers throughout the Bath and Wells Diocese.

We will miss both Nigel and Nickie who have been with us in the village serving us here in Cleeve at Holy Trinity and at St Barnabas, in Claverham, since 2017.

When Nigel was appointed, his remit was to get involved with, and interact within, the community and he has done lots in that area, despite being seriously unwell during the covid pandemic.

Under Nigel's guidance there were many interesting 'On the Edge' initiatives, annual New Year's Day hikes around our two villages, the arrival of new style Taize services on Sunday evenings at Holy Trinity, his involvement in the setting up and workings of the Goblin Combe Community Garden, plus working on the 'Love Cleeve' project in 2021.

Nigel has become a regular and popular visitor to Court de Wyck Church School, with stories, prayers and other initiatives to share with children and staff. His work with North Somerset Arts Week has turned both churches into hubs where artists and artisans can display their works for the enjoyment of everyone in North Somerset. We will miss Nigel, his care for those less fortunate than ourselves, especially refugees, and we are grateful for his sharing of his favourite poets, especially Malcolm Guite.

Nickie too, has played an important part, working alongside Nigel, with her re-wilding ideas that have been introduced into the churchyard, her many and varied works involving labyrinths and her Capacitor classes.

We are very sorry to be losing them and will miss them both.

Nickie and Nigel are returning to us for a special farewell 'thank you' afternoon tea **open to everyone in the village** on **Friday April 5th in the Village Hall**, from 3pm onwards. They would love to see as many Cleeve and Claverham folks as possible.

The process of appointing a priest in charge of the newly formed United Benefice of Yatton with Kenn and Kingston Seymour, Cleeve with Claverham has begun but for the next few months we will be in an interregnum. Anyone with enquiries concerned with funerals, weddings or baptisms should contact the Benefice office in Yatton 01935 832184.

HOLY TRINITY CHURCH EASTER DAY SERVICE

During the 11am service on Easter Day (31st March) at Holy Trinity there will be an Easter Egg Hunt for all the children present; come along and share the joy.

TIPS FROM CLEEVE NURSERY

Remove or switch off the water heater, turn on the pump and start feeding the fish. Keep feeding the birds

Consider leaving an area to go "wild" as a sanctuary for wildlife.

LOCALLY SOURCED BAR AND BLUES/ROCK NIGHT Cleeve Village Hall April 13th

Join us for a special evening with a locally sourced Beer, Cider and Wine tasting bar plus live popular music from singer/guitarist Mike Bess. With candle lit tables, complimentary nibbles and two sets of music from many genres with Mike's bluesy, rock influences at it's heart, this will be a wonderful evening to socialise whilst supporting the Hall & live music. Tickets are £10 and includes one free drink. Booking early is recommended and appreciated for catering purposes from this link below –

www.wegottickets.com/event/610338/

SUNRISE SERVICE

An invitation to everyone in Cleeve to join us for an event that is firmly part of the Holy Trinity Church's calendar.

We look forward to welcoming many worshippers to the Sunrise Service on Easter Day, 31st March, to celebrate the resurrection of our Lord Jesus Christ.

The outdoor service commences in the tranquillity and peace of a spring morning at 6.30am and is followed by a Full English Breakfast in the Church Room (vegetarian options are available).

Numbers and preferences are required purely to aid the caterers (there is no cost for the breakfast). Please ring Lin on 838515 before Wednesday 27th March, just to let us know you are joining us on this special day.

TIPS FROM CLEEVE NURSERY

Plant grape vines now. Our local soil suits them if well drained. Plant in the sunniest place.

Prune Blueberry bushes by removing weak, old and dead shoots. Cut out up to 25% of all wood from established bushes (3 years or older).

Plant strawberry runners if you missed autumn planting.

Cover established strawberry runners with low polytunnels or fleece covered tunnels. Lift the sides slightly on warm days to let the bees in to pollinate the flowers.

Your local shop for newspapers, off licence, groceries, lottery, PayPoint, cashback and Post Office

YATTON MUSIC SOCIETY

Boglárka György (violin) & Amy Butler (piano) St Mary's, Yatton, 23rd March.

A memorable evening by the prize winning Hungarian violinist Boglárka György from the Liszt Academy of music in Budapest. Boglárka will play a Cuypers 1797 violin, kindly on loan to her from the Harrison-Frank Family Foundation. She will be accompanied by the brilliant Oxford graduate pianist Amy Butler. Their programme will include a variety of music to suit all tastes including popular classical, Hungarian and sparkling Gershwin music to conclude the evening.

The concert starts at 7.30pm at St Mary's Church, tickets price £10, half price for students over 16, children free. Details of this concert and future events can be found on Yatton Music Society's website www.yms.org.uk

David Ford

BERYL'S DAY OUT PERFORMED BY THE MINISTRY OF ENTERTAINMENT AT CLEEVE VILLAGE HALL ON JAN 27TH

For one night only we had a fun-filled retro trip back to Bristol Zoo in the 1960s courtesy of Kate McNab and Kim Hicks. They delivered a heart-warming, humorous and charming play, with real life stories woven into the narrative to make this a wonderful nostalgic experience. Beryl oozed enthusiasm as she visited the various enclosures, reaching out to all corners of the Zoo's rich history in one visit! Interspersed with delightful songs, the fastest of Costume changes and an array of characters, the evening flew by and a great night was had by all who came. The Ministry of Entertainment are a regular to Cleeve and we hope to welcome them back with a new play next year. Meanwhile look out for our next two events: 'Locally Sourced' – a tasting bar night selling locally produced drinks accompanied by wonderful Blues/pop covers music courtesy of Mike Bess on April 13th and the return of singer songwriter Martin Stephenson from The Daintees on Sept 8th.

CLEEVE QUARRY PART 2

Following on from last month's article is information given from my father Ernest Ridley who was at Cleeve School from 1906 and my friend Reg Stevens who was at the school in the 1930's, they informed me of the procedure of how the quarrymen produced the stone for road making etc.

The holes were drilled into the quarry face by two men, one held a large iron bar with a drill bit on the end the other man hit the bar with a sledge hammer, between strikes the bar would be turned so it was hit turn hit turn, obviously then as the hole got deeper the dust at the bottom had to be removed, this was done by using a hazel stick with a flower carved on the end as shown in the picture (Fig 1) this flower was dipped in a bucket of water to make it wet then it was inserted into the hole that was being made where the dust would stick to the wet hazel flower head and this was washed off in the bucket of water ready for the next time, this must have been a laborious task to make a 6 foot hole in depth to accept the charge of dynamite, which was dully inserted and a fuse added, the fuse was then lit and the men would make a hasty retreat, half of the diameter of the drill holes are to be seen on the quarry face to this day. Sometimes the rocks would hit the windows and roof tiles of the school!

After the rock had been blasted from the quarry face onto the quarry floor the men would set to on there hands and knees with a lump hammer and crack the rocks into the size required, this was then shovelled into a square yard measured by four pieces of batten and that's how they would be paid by counting the little pyramids of stone on the quarry floor, as shown in (Fig 2).

The two rocks shown in (Fig 3) I was told are rocks that could not be broken, only bits were chipped off so they were discarded and left there as waste.

David Ridley

Hazel Flower (Fig. 1)

Fig. 2

CLEEVE KIDS CORNER

The play area at Cleeve Kids Corner in King George V Playing Fields was established some years ago by a group of local parents. It has been well used and loved by many children from within the village and beyond. Some of the equipment, however, is now almost 30 years old and is becoming rotten and broken. All equipment needs substantial repair or to be replaced entirely. A risk assessment in autumn 2023 identified a number of areas of concern and the play area has been closed since this time for safety reasons.

The play area receives no statutory funding or other support from North Somerset Council and is administered by a small group of parent volunteers. All repairs need to be covered through fundraising or grant applications. We were very fortunate to receive a grant in December 2023 from the Bristol Airport Community Fund. This will pay to replace both sets of swings which had been identified as being the most urgently in need of attention.

We are seeking to fundraise for further replacement and repairs and have set up a Just Giving page and QR code to enable people to donate. Please do consider donating if you would like to support the park, or sharing the page with others.

If you can offer any other financial assistance through grant giving then please do contact Sarah Stacey mrssarahstacey@gmail.com

CLEEVE VILLAGE HALL

Are you looking for a venue for a party, wedding, meeting, workshop or a space for a corporate event? Cleeve village hall could be the venue for you.

Facilities include the main hall with a capacity for up to 120 people, as well as a separate side room & kitchen.

Competitive rates For further details please contact Gill Roe gillroe@btopenworld.com 01934 832917

TIPS FROM CLEEVE NURSERY

Prune most roses; [Climbing, Rambling and shrub roses are best pruned in summer after the main flush of flower]. Cut back to 6-8" from the ground and cut just above a bud, prune out any branches that are crossing to leave an open centre. Remove any root suckers as close to the roots as possible (neatly tearing them off discourages more). Cut out any weak, dead or diseased shoots.

Hang Agralan Yellow Sticky Whitefly pads up in your greenhouse and conservatories now. These will act like fly papers and are completely non toxic to humans. If you introduce natural predators to control your pests, you must take these pads down, because they will trap the good guys as well as the pests

Divide and replant overcrowded clumps of herbs.
