## You ask, we investigate ...

In December 2022 the Cleeve Community 2050 Group conducted a Cleeve village survey. Some of the problems raised in the survey fall outside of the Group's activities **but** there are solutions ...

Look here to find out what **you** can do ...

The questions and answers have been researched and written by Cleeve Community 2050 and were correct January 2023. Cleeve Community 2050 is using Smart Living, a volunteer run not-for-profit Community Interest Company, to host the questions. Cleeve Community 2050 is a small group of local residents who are interested in the future of the village.

## UKRAINE

Yet again Cleeve and surrounding area have risen to the occasion with wonderful donations. However, a VERY welcome donation I found on my doorstep a little while ago was a Petrol driven Generator and a pair of very sturdy size 11 boots. Thank you so much to whoever you are.

The last collection was on Monday 3rd April...lots of clothing, bedding, toiletries, footwear, knitted Ukrainian hats, fold up metal bed with mattress, high chair, electric fire, bikes and scooters, first aid kit and the flavour of this drop must be an amazing array of Construction Tools.

"For the time being Hope for Ukraine have asked that no more collections are made until further notice as their 40' trailer is full with pallets from their various hubs. Please accept our grateful thanks for everything donated by Cleeve and surrounding area"

## CLEEVE COMMUNITY 2050

Does someone need to die in a road accident before the Council changes the speed limit through Cleeve?

It's a fair question arising from our recent community meeting, and it remains completely unclear to us what the process and timeline is for a decision, let alone any dates for North Somerset Council to make the long-overdue changes.

As a member of Cleeve's small community speed watch team, I spend a couple of hours a month with a radar, usually on the side of the A370. It is reassuring to see the vast majority of drivers taking care as they drive through our village (albeit a lot of them slowing down when they see us!). However, I regularly witness people driving carelessly and often some dangerous driving too. We record a driver's registration if they are going above 46mph and some people are doing more than 50mph as come past us - no doubt a contributory factor in the number of serious accidents at the junction with Bishops Rd.

People at our meeting also talked about the noise, particularly from modified exhausts, as well as inconsiderate parking. Indeed, the detailed knowledge of local residents could be a huge help in designing a safer Cleeve and with the help of the Parish Council we hope to put pressure on the system to do a better job of reacting positively to the local community's needs before anyone else gets hurt.

Drop us a line at [cleevecommunity2050@gmail.com](mailto:cleevecommunity2050@gmail.com) if you have any thoughts.

**CLEEVE CORONATION TRAIL**  
Celebration, Decoration and Scarecrows

Do come along and have a look around your village of Cleeve, over the weekend of 5th-8th May, for some well-dressed titled scarecrows, who were unable to secure an invitation to the coronation ..... and some characters in their red, white and blue ensembles.

Other people in the village are to decorate their properties with flags, bunting, balloons and flowers.

We are really looking forward to seeing these creations and the fun and enjoyment they will bring to the village.

The Coronation Trail details will be available prior to the weekend, both online and paper copies. Paper copies will be available from 16 Bishops Road or 40 Cleeve Drive – from Wednesday 3rd May.

Refreshments will be available on both Sunday 7th and Bank Holiday Monday 8th from 10am-4pm at 40 Cleeve Drive where you can drop in for a bacon or sausage bap [vegetarian options available], a cake, a cuppa and a chat.

Finally, all donations/profits will be divided between Childrens Hospice SW and the Clevedon Foodbank.

### COMMUNITY RESILIENCE UPDATE

Four of our volunteers recently attended a table top exercise in Congresbury looking at the scenario of a major power outage. Albeit there were useful things to take away by those that attended we believe that any action necessary in the event of a disruption of this nature will be driven by our local Cleeve team with limited support from the local authority. To that end we would advise (even though the clocks have gone forward and spring is here! ):

Having a wind up torch (no batteries required). Candles can be dangerous! There are loads on the market from around £10 upwards

Consider a portable radio (with spare batteries) as in the event of major disruption local radio can be a good source of information. Wind up radios are available as well!

Keep your mobile fully charged

Consider downloading the power track app where you can report power outages and see where power cuts are in your area and when power will be restored. Here is the link: <https://www.ssen.co.uk/news-views/2018/2018-power-track-app/> OR <https://play.google.com/store/apps/details?id=com.sse.powertrack>

We are in the fortunate position of having a central 'hub' namely the village hall, which would be our operational hub in the event of a prolonged outage

Lets hope we never have to use it

Stay safe and stay connected Cleeve as a village where the residents support each other is a great place to live!

*Steve, Sally and Ross  
Cleeve Community Resilience volunteers*

### SOUPA THURSDAY - HOLY TRINITY WARM ROOM

Our final Soupa Thursday of the winter was on 30th March. During the five months of its operation, we had over 70 individual visitors. Most weeks we averaged 15-20 people popping in for a soup, a chat, a warm up or just a spot of company. Thank you to all the helpers, without whom Soupa Thursday could not have functioned – I hope that they enjoyed it as much as I did. Dont forget – The Welcome Room is now open – every Thursday 2pm-4pm.

**FOCOS**  
**[Friends of Cleeve Over Sixties] Mystery Tour**

Our regular guests know that the FOCOS Mystery Outing is always a great day out. As ever, it will be a day full of surprises and not to be missed. This year's trip will be another super occasion, so if you haven't been before – give a try – you won't be disappointed.

*The Date: - **Thursday 29th June** – leaving Cleeve at 9.30am – arriving back around 6pm.* We have found a super venue for our trip this year, plus a unique travelling experience and, thanks to the support given to the FOCOS lottery, all our guests will have lunch provided in addition to an afternoon cream tea.

We will be continuing to ask for a deposit of £5 to be paid, which will be returnable on the coach. We brought in this policy because we have had a few 'no-shows' to our free event, which has a) cost FOCOS money that we have had to fund raise, and b) has also meant that someone on our reserve list could have travelled instead!

To Book: ring the FOCOS Mystery Tour Hotlines on 838515 or 832917 [leave a message if the call-centre staff are busy] – we will confirm your booking and sort out the finances with you. Remember – places are strictly limited – we are usually oversubscribed and thus we must book on a 'first come, first served basis' - so 'don't dilly dally - book today!'

**CLEEVE TENNIS CLUB**

We held a very successful interclub junior tournament at Cleeve Tennis Club on April 1st. The tournament was sponsored by The Yeo Lions. Players came from Wrington and Backwell Tennis Clubs to play a round- robin tournament. The tournament was organised by John Tate, Cleeve's junior coach. Despite the weather, the players demonstrated a great attitude and spirit, playing some great Tennis in a competitive and friendly manner. All those who took part received a medal and a tube of balls. The winners and runners-up taking home a trophy. It was a lovely event supported by the players families and friends. Huge thanks to Yeo Lions for their sponsorship. For more information about Cleeve Tennis, please see [Clubspark.lta.org.uk/cleevetennisclub](http://Clubspark.lta.org.uk/cleevetennisclub)

**WESTLINK BUS SERVICE**

The new Westlink service has now started, Carole Perrott reported that the bus is brand new but the steps to get on are quite steep which would be challenging for anyone of limited mobility. You can book by ringing 0117 457 8561 or you can download an app on your phone. WERN have organised two sessions for mobile phone users who might need help with downloading the app etc at HOLY TRINITY Church rooms from 10-12 on 24th MAY and 20th JUNE. Fares are the same as normal bus service, concessions accepted but CASH only no cards. The service will cover destinations within North Somerset. ## ON OUR FARMS - NICK GREEN

We have just experienced the wettest March in forty years. As well as being absolutely miserable for anyone wanting to do anything outside, it has been a nightmare for farmers. Wet fields mean no spring cultivations can be carried out and no cows can be 'turned out for grazing'. It also means, with waterlogged and cold soil, whatever crops are in the ground won't grow. Many will have seen the fields adjacent to the River Yeo when travelling up and down the A38. The barley in the field immediately adjacent to the main road has hardly grown over the last month and where there has been standing water the crop has died. Many farmers are still suffering from the drought last summer with a shortage of feed remaining in store so a wet, late winter is the last thing they want. But there we are, it's nature and I'm a great believer in the seasons cancelling themselves out so I'm hoping for a nice spring and summer. With the late, wet winter, spring field work is going to be crammed into a short space of time so don't be surprised if you see tractors working late at night and early in the morning.

We have an interesting situation developing in British farming. With the UK leaving the EU, the system of support payments is changing. The current system of paying farmers based on the amount of land they have is being replaced by a system rewarding farmers with public money in return for public goods. There is an argument that farmers shouldn't receive any money from the public purse and many farmers would agree. However, if UK farming isn't competitive with other countries in the world for whatever reason there needs to be some support. That said, there needs to be a discussion about what public goods might include. Should it be the obvious things like planting trees and hedges and public access or should it include food security? There are very few of us in the UK which have experienced a real food shortage. Government tells us it's nothing to worry about. We can afford to buy food from other countries. All well and good for now but will we always be able to afford it and will other countries want to sell it to us? Think about the conflict in Ukraine and the impact it had on us as consumers. As well as gas and oil, food prices rocketed. Think of the winter drought in Spain. Reduced salad crops through the winter and a tight supply in the spring. UK food security needs to be high everyone's agenda.

## BACKWELL DISTRICT GIRLGUIDING

The launch of Girlguiding's new branding gives us the opportunity to showcase Girlguiding both locally and nationally. The symbol that brings us all together in Girlguiding is the trefoil, and it has changed too. The new design has been created to represent and retain our heritage, while being modern and easy to use.

Each part of the trefoil has a meaning.

- The three leaves represent a part of the promise:
  - o Self: being true to myself and developing my beliefs
  - o Others: serving the King and my community and helping other people
  - o Keeping the Guide law
- **The guiding star represents the Guide law.**
- **The 2 Gs represent Girlguiding and are a reference to earlier versions of our trefoil.**
- **The stem of the trefoil points forwards and towards the guiding star, showing the direction members are always going in.**

Our new brand purpose is "We help all girls know they can do anything" – this and describes exactly what we do.

- **We help:** shows that we are a supportive organisation. Using 'we' highlights importance of togetherness and belonging.
- **All girls:** we are an inclusive organisation, and everything we do aims to bring the guiding experience to as many girls as we possibly can. It reinforces the community that powers Girlguiding.
- **Know:** this reflects the courage and confidence of what we offer to girls.
- **They can do anything:** 'do' is active and is about participation and the attitude of trying new things. Both the activities we offer week in week out, and also a mindset that they can take out into the world, a way of seeing that there are hundreds of possibilities waiting for them to get stuck into.

**Here in Backwell District we operate three units** – Rainbows and Brownies, which meet at the Scout and Guide HQ in Rodney Road, and Guides that meet in Cleeve Village Hall. This rolling programme enables our girls to enjoy all the benefits of Girlguiding from the age of 4 all the way through to 15.

**Rainbows – Backwell Rainbows meet every month, on the first Sunday.**

Brownies – Backwell Brownies meet every Wednesday during term time.

Guides – Cleeve Guide meet up every Wednesday too.

None of these exciting adventures could take place without the brilliant teams of volunteers who assist at all levels of Girlguiding.

**To help us ensure that Girlguiding flourishes and grows in the Backwell District, we need more help and support.** No matter how much time you have to give there is an opportunity for you! If you would like some more information or just want to help in some way, please go to the Girlguiding website and register your interest <https://www.girlguiding.org.uk/get-involved/become-a-volunteer/>

Or visit the Girlguiding Wraxall facebook page or email backwell.district@gmail.com and we'll be in touch very soon.

**PLANT OF THE MONTH - OSTEOSPERMUM**

Osteospermum or African Daisy is a long-flowering sun-loving tender perennial which is often treated as an annual but if planted in a protected location will flower for years. These low maintenance plants become covered in a carpet of bright, vibrant flowers ranging from deep purple through to burnt orange and white from late spring to late autumn; just feed and deadhead to keep them blooming and make sure the soil is free-draining and ideally slightly acidic.

These plants are sun worshippers and in fact open fully in the sun and close in dull weather and at night. Although established plants are fairly drought tolerant they do like to stay moist and benefit from a good water in dry periods. The plants will go dormant in heat waves and pause flowering but will continue to bloom once conditions are more favourable.

Osteospermum are perfect for pots so if you feel like you need some portable colour, pot some up. This is an ideal way to ensure you inject some colour onto your patio, drive or entrance where you may not have borders.

If you want to grow some unusual osteospermum varieties try the 'Whirlygig' series. These architectural blooms have dark centres and spoon-shaped petals that are truly eye-catching. 'Whirlygig' is susceptible to frost so overwinter in a greenhouse or take cuttings for the following year.

## PEGASUS CHARITY SLAM

Ultramarathons are endurance events beyond a traditional marathon distance of 26.2miles and I am running six of these events in 'The Pegasus Slam' – 220miles and 23,515ft of elevation over six months. You may have seen me running through Goblin Combe, or around the lanes, with and without dogs. Training for these events takes time and dedication so why do it I hear you ask? Well...I am running on behalf of The Brain Tumour Charity! There is more about the charity and how the condition has affected a local family on my Just Giving page. If you can spare a few pounds or pennies to support the charities amazing work in these difficult times I would be very grateful. Even if you cannot donate, please visit the page to read about the charity and raise awareness.
